Dear Free Uni,

I am now in receipt of your questionnaire which I have chosen to answer with this letter.

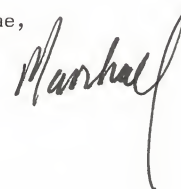

Although I am contactable through the above address I live outside for at least nine months of the year attempting to make a living by travelling about Scotland as a free-lance journalist. I receive a small retainer from Artists Newsletter with a brief to cover events in the Highlands and Islands. Sometimes there are overlaps of interest and I succeed in selling articles to local press and magazines.

My lifestyle puts me in contact with a great many people some of whom express an interest in the principles of FU but feel they cannot participate from their home base. In some respects I feel the same way but am always pleased to receive your programme as it keeps me informed of what is happening and what is possible.

My questions to you are: do you have members outwith Glasgow and is there a communication network established for putting people in contact with one another? Further, is there a mechanism for putting on FU lectures and events in places like Inverness, Stornoway, Portree?

I enclose £2 and look forward to hearing from you.

Yours ae,
